REAL FOOD

Real food made right.

We make our everything with clean, wholesome ingredients and from scratch, so you can feel good about eating our food.

HANDCRAFTED DAILY

Bread. The way it ought to be.

Our bread making process is long. Many commercially made breads use short cuts, like additives, to speed up the process so that large amounts of bread can be produced quickly. We make our breads using traditional methods, allowing exquisite flavors to develop naturally over time without having to use additives or preservatives. We start early, so we can sell our fresh bread hot out of the oven.

FRESH MILLED

The Fresh Milled Difference.

For better nutrition and fresher taste we mill fresh whole grain Montana wheat right here in our bakery every-day!

Give Generously

Giving Generously to Others

Staying true to our roots and our mission statement, we are honored to continually support our community whenever possible through community bake days and doughnations.
